

Public Notice

Notice of Intent to Adopt a Mitigated Negative Declaration for "Death Valley Junction Thin Blanket"

Changes proposed for State Route 127/190

WHAT'S BEING PLANNED

Caltrans (California Department of Transportation) is proposing to replace existing pavement with a 0.10' thin lift of asphalt and place shoulder backing up to three feet from the edge of the pavement at the junction of State Route (SR) 127/190 in Inyo County.

WHY THIS AD

Caltrans has studied the effects this project may have on the environment. Our studies show it will not significantly affect the quality of the environment. The report that explains why is called an "Initial Study." This notice is to tell you of the preparation of the Initial Study with Proposed Mitigated Negative Declaration and its availability for you to read.

WHAT'S AVAILABLE

Maps for the Initial Study with Proposed Mitigated Negative Declaration and other project information are available for review and copying at the Caltrans District Office, 500 South Main St., Bishop CA 93514, on weekdays from 8 a.m. to 5 p.m. These items are also available at: Shoshone Post Office - 113 N State Highway 127, Shoshone, CA 92384; and Eastern Sierra Interagency Visitor Center - US 395 & SR 136, Lone Pine, CA 93545

WHERE YOU COME IN

Do you have any comments about processing the project with a Mitigated Negative Declaration and Initial Study? Do you disagree with the findings of our study as set forth in the Proposed Mitigated Negative Declaration? **Please submit your comments in writing no later than March 10, 2017, to Caltrans 500 South Main St, Bishop CA 93514.**
